Subject to weather and team competency, our club trip *aims* to cover 3 sites:

- (1) Sembalun (Dewi Anjani)
- (2) Kuta (Prabu + Areguling + Merese)
- (3) Rinjani (option)

Our primary site is Sembalun; a a beginner site with reasonable XC.

Kuta is a local soaring site.

And, Rinjani, Indonesia's 2nd highest volcano (after Mount Kerinci), would be a hike-fly site.
